Re: École North Oyster and Active School Travel

That the Board of Education of School District No. 68 (Nanaimo-Ladysmith) direct the Chair to write a letter to the Ministry of Transportation and Infrastructure to formally request that the Ministry reconsider their decision to not support the recommendations put forward by the Stakeholder Committee in reference to the École North Oyster Active School Travel Project.

12. FOR INFORMATION

13. QUESTION PERIOD

Question Period is intended to enable the public to obtain clarifying information regarding a current agenda item.

Individuals wishing to ask questions of the Board upon completion of Committee and Board sessions shall do so in writing on the form provided which includes their name, street address and email address. The individual will be asked to verify his/her self and be afforded the opportunity to read out their own question. Each individual shall be limited to one follow-up question upon receiving a response. Forms are available in the information rack near the entrance of the Board Room.

If the meeting is being held online, individuals wishing to ask questions of the Board shall type their question in the Q&A compose box on the right side of the screen and then select send. Your question will be read by the Board or Committee Chair.

Questions and responses will be included in the video of the meeting and the meeting minutes and will be part of the public record.

14. ADJOURNMENT

That the meeting be adjourned.

NANAIMO LADYSMITH PUBLIC SCHOOLS BUSINESS COMMITTEE PUBLIC MEETING INFORMATION SHEET

DATE:	January 11, 2023
TO:	Business Committee
FROM:	Mark Walsh, Secretary-Treasurer
SUBJECT:	Introduction to Emergency Operations Committee & Dover Bay Recognition

Background

This Information Sheet is intended to provide the Board a brief background on the District's Emergency Operations Committee ("EOC") as well as highlight the District's response to the recent power outage at Dover Bay Secondary School and recognize staff involved.

Discussion

The District's EOC consists of senior staff and representatives from departments as well as a number of principals to represent elementary and secondary schools. The purpose of the group is to bring together expertise from throughout the District along with a diversity of voices to address emergent issues. The group met on a weekly basis (and sometimes more) during COVID to ensure consistent application of rules, provide insight to upcoming issues and to ensure the system would be hearing the same message.

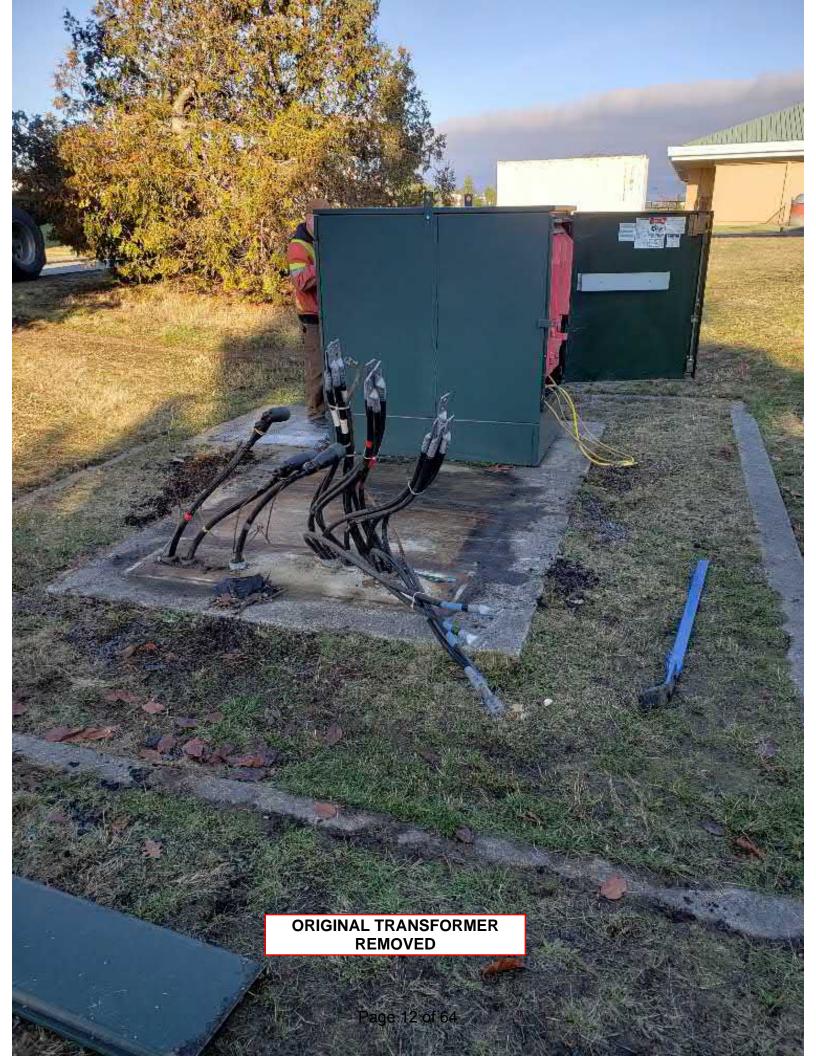

More recently, EOC has come together to address communication and power issues on Gabriola as well as Dover Bay.

With respect to Dover Bay Secondary, recently the school-based transformer failed and was not able to be repaired. The failure occurred on a Friday evening. Facilities staff and school-based staff immediately began to diagnose the issue and prepare plans for repair, replacement as well as what the school would look like the following week. They also organized a refrigerator truck for Saturday afternoon to prevent spoilage of food at the school. 24 Hour Fire Watch and Security was set up for the duration of the power outage. All school activities were cancelled. That Sunday EOC met to discuss the issues including communications to our community and any issues that may come to the surface (e.g. getting staff and students prepared to move to online learning if required.) Fortunately, Facilities staff was able to source a replacement transformer to be delivered on the Monday with installation taking place on Monday and Tuesday and system testing on Tuesday. The school re-opened to students and staff on the Wednesday.

District staff did an amazing job in very difficult circumstances and in a very short timeline to bring the school back online.

NANAIMO LADYSMITH PUBLIC SCHOOLS BUSINESS COMMITTEE INFORMATION SHEET

DATE:	January 11, 2023
TO:	Business Committee
FROM:	Laura Tait, Deputy Superintendent and
	Shawn Johnston, Executive Director of Human Resources, Shawn Johnston
SUBJECT:	Admin <mark>istrative Procedure 425 – Bu</mark> llying & Harassment (Staff) Update

Background

Pursuant to Policy Item p2-21-2, Employer Duties – Workplace Bullying and Harassment, which is law under the Occupational Health and Safety Regulation (B.C. Reg. 296/97), employers must conduct an annual review of their applicable Bullying & Harassment Policy and/or Administrative Procedure.

This fall, HR in connection with our Safety Department conducted such a review. This Information Sheet provides an update on the process that has been completed and the changes that resulted.

Discussion struction and

Administrative Procedure 425 – Bullying & Harassment (the AP) was amended, adding the below language for the reasons provided:

Investigation Procedures:

Added language:

Investigations will include interviews with the complainant and respondent, and any witnesses as well as review of all relevant evidence.

onciliation

This change was made to provide clarity of process to Complainants, Respondents, and all Staff.

Record Keeping:

Added language:

NLPS will keep a written record of investigations, including the findings.

The AP was amended to comply with OHS Regulations which require employers to address record keeping in their policy.

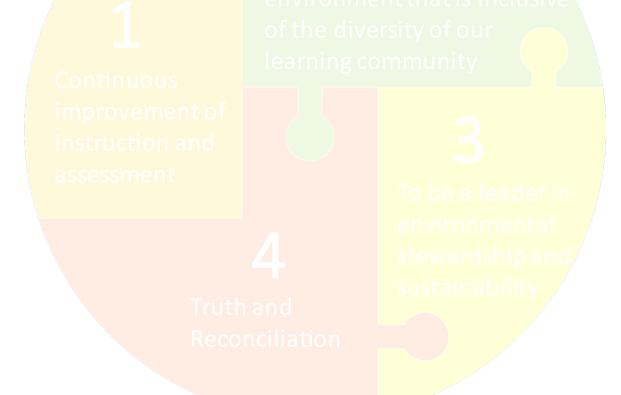

Timelines:

Added language:

Complaints must be made within one year of the alleged contravention, or within one year of the last alleged incident with continuing contraventions. Only in exceptional circumstances will complaints be accepted after a one-year time period.

The addition of a one-year filing timeline, and allowance for extensions in exceptional circumstances, is consistent with section 22 of the BC *Human Rights Code*. The purpose of Bullying and Harassment prevention policies is to reduce and prevent incidences and addressing allegations within reasonable time limits is an important factor. What claims go unreported and resurface after long periods of time it is difficult for employers fulfil their duties under the policy, as memories fade, evidence erodes, and the opportunity for an employer to address the allegation becomes increasingly stale over time.

Appendix A: Administrative Procedure 425 – Bullying & Harassment (with highlights)

Purpose

A fair, collaborative, inclusive and respectful workplace is a critical prerequisite to Nanaimo Ladysmith Public Schools (NLPS) commitment to delivering high quality public education and cultivating a reputation of excellence. Therefore, the Board is committed to creating and maintaining a respectful learning and working environment free from harassment and bullying where people, regardless of their roles or levels of responsibilities, are treated and treat each other respectfully and professionally in their interactions.

NLPS is committed to providing, in consultation with the unions and other employee groups, an awareness program to every NLPS employee so that they know and understand:

- what constitutes bullying and harassment.
- the process for dealing with incidents of bullying and harassment.
- what remedies are available if it is determined that they have been bullied or harassed.
- the importance of confidentiality regarding bullying and harassment complaints.

NLPS considers bullying and harassment in any form (including sexual harassment) to be totally unacceptable and will not tolerate its occurrence.

Application of this Administrative Procedure

Everyone shares responsibility for a respectful workplace. This administrative procedure applies to all individuals who interact with NLPS employees, regardless of their role or function. This includes all NLPS employees, students, parents, trustees, volunteers, third parties doing business with NLPS, and members of the general public.

This administrative procedure applies to all interpersonal communication regardless of where or when it occurs, and includes electronic communications such as email or social media. It is the expectation of the Board of Education that all employees and persons, regardless of location, will strive to maintain the highest level of professional and personal courtesy when interacting with NLPS employees.

Should an incident of bullying or harassment involve a non-workplace party or student/parent or any other individual that an employee comes into contact with at the workplace, the Superintendent of Schools or designate, will determine the course of action and procedures that are practicable and reasonable to follow and the parties will be so notified.

Definitions:

<u>Bullying and harassment</u> as per the WorkSafeBC Occupational Health and Safety Regulations, includes any inappropriate conduct or comment by a person towards a NLPS employee that the person knew, or reasonably ought to have known, would cause that employee to be humiliated or intimidated, but excludes any reasonable action taken by NLPS or a supervisor relating to the management and direction of employees or the place of employment.

<u>Complainant</u> refers to a NLPS employee who believes they have been subjected to behavior that is defined as bullying or harassment.

<u>Confidentiality</u> means that information about a complaint will be shared only with those who need to know in order to facilitate the investigation process. The respondent and complainant will be granted access to review the report at the end of the investigation. All participants in the investigation process are to keep information related to the complaint confidential and not disclose it to anyone other than their union representatives.

<u>Cyberbullying</u> involves the use of communication technologies such as the Internet, social networking sites, websites, email, text messaging and instant messaging to repeatedly intimidate or harass others.

Cyberbullying includes:

- Sending mean or threatening emails or text/instant messages
- Posting embarrassing photos of someone online
- Creating a website to make fun of others
- Pretending to be someone by using their name
- Tricking someone into revealing personal or embarrassing information and sending it to others

Cyberbullying affects victims in different ways than traditional bullying. It can follow a victim everywhere 24 hours a day, 7 days a week, from school, to the mall and all the way into the comfort of their home - usually safe from traditional forms of bullying.

Discrimination The Human Rights Code forbids discrimination based on certain characteristics, often referred to as "protected grounds". The characteristics may be the individual's actual characteristic or they may be how the individual is perceived. The protected grounds in the BC Human Rights Code are:

Race	Ancestry	Place of Origin
Colour	Political Beliefs	Marital Status
National or Ethnic Origin	Age	Mental Disability
Religion	Gender Identity or Expression	Physical Disability
Sex	Sexual Orientation	Family Status
Indigenous identity		

A conviction that is unrelated to employment or intended employment.

AP 425 – Bullying and Harassment (Staff)

<u>Workplace</u> is any environment or location, including electronic environments, where a NLPS employee is fulfilling their duty and/or role connected with NLPS. These include, but are not limited to:

- Offices, staff rooms, classrooms, or lunch rooms, and within or on other NLPS property
- Locations where events associated with and including extra-curricular activities take place
- Locations outside of the NLPS operated premises where activities such as field trips, work-related conferences, training sessions, travel, community events or social gatherings take place
- Other locations where workplace bullying and harassment (including sexual harassment) may have a subsequent impact on the work relationship, performance or environment

Employee is an individual who receives a salary or wages from the NLPS for work performed.

<u>Mediation</u> involves an unbiased third party acting as facilitator in direct communication between the complainant and respondent where both parties voluntarily agree to this process. The respondent will be provided with a copy of the complaint. The complainant and respondent will be provided a copy of the report at the end of the investigation. All participants in the investigation process must keep all information related to the complaint and the investigation process confidential and not disclose such information to anyone other than their union representative, or lawyer.

<u>Respondent</u> refers to a person who is alleged to have engaged in bullying and harassment.

<u>Restorative practice</u> is the management of conflict and tension by repairing harm and rebuilding relationships.

<u>Sexual Harassment</u> means conduct or comments of a sexual nature that is unwelcome, and that detrimentally affects the work environment or leads to adverse job-related consequences. Sexual harassment includes, but is not limited to:

- unwanted touching
- unwelcome sexual flirtations
- advances or proposition
- sexually suggestive, obscene or degrading comments or gestures
- offensive jokes of a sexual nature
- leering or staring; displaying or circulating pictures or other material of a sexual nature
- unwelcome questions or remarks about a person's sex life, appearance or clothing

Board Policy / Administrative Procedure Linkages

- P 2.10 Inclusion Policy
- AP 419 Violence in the Workplace
- AP 325 Appeals

Discrimination in the Workplace

NLPS is committed to:

- creating an environment in the school district which promotes non-discrimination consistent with the Human Rights Code.
- hiring employees on the basis of merit consistent with human rights laws.
- reducing language and cultural barriers.
- communicating effectively with employees, parents and other partner groups in our diverse community.
- To differentiate between harassment and discrimination, the following definitions are offered for clarity: Discrimination: means any form of unequal treatment based on the prohibited grounds, whether imposing extra burdens or denying benefits. It may be intentional or unintentional. It may involve direct actions that are discriminatory on their face, or it may involve rules, practices or procedures that appear neutral, but disadvantage certain groups of people. Discrimination may take obvious forms, or it may happen in very subtle ways. Even if there are many factors affecting a decision or action, if discrimination is one factor that is a violation of this procedure.

Harassment: means a comment(s) or action(s) that is/are known, or ought reasonably to be known, to be unwelcome. It can involve words or actions that are known or should be known to be offensive, embarrassing, humiliating, demeaning or unwelcome, based on prohibited ground of discrimination.

This administrative procedure focuses on the prompt resolution of complaints. However, this AP does not prevent an employee from filing a complaint under Section 13 of the Human Rights Code; employees are not entitled to duplication of process.

Employee Responsibilities

NLPS employees must:

- refrain from engaging in bullying and harassment (including sexual harassment) of other employees, supervisors, the employer or persons acting on behalf of the employer.
- report occurrences of bullying and harassment (including sexual harassment), observed or experienced in the workplace.
- apply and comply with NLPS Policies and Administrative Procedures on bullying and harassment (including sexual harassment).
- participate in training sessions provided by NLPS.

Employer Training Responsibility

NLPS has a continuing goal, to promote a bullying and harassment free workplace through an effective training program that promotes attitudinal change. NLPS and employees will be encouraged to achieve this goal.

Training should include both teaching and non-teaching staff. When appropriate, parents and the community may be invited to participate.

Where feasible, training regarding a specific culture should be provided by a person of that culture:

- Training programs shall include such topics as multicultural education implementation, antiracism, cross-cultural issues, human rights, valuing diversity and intervention strategies.
- Newly hired employees must receive training on the prevention of bullying and harassment.

Bullying and harassment (including Sexual Harassment) is not:

- expressing differences of opinion.
- offering constructive feedback, guidance, or advice about work-related behaviour and performance.
- making a legitimate complaint about someone's conduct through established procedures.
- supervising and Managing Employees.

Human Rights Code/Criminal Code/Grievance Procedure Reference

Filing a complaint under these procedures is not intended to preclude rights under the Collective Agreement, BC Human Rights Code, Criminal Code of Canada or other avenues of redress open under the law.

Complaint Reluctance

The Complainant may choose to not formalize or withdraw the complaint at any stage. However, NLPS may be obliged under these procedures, to continue the inquiry into the complaint and to take whatever remedial action it deems appropriate, or refer the matter to another process or procedure.

Confidentiality

All records of the complaint filed at Step 2 of the Complaint Procedure Steps, including contents of meetings, interviews, results of inquiries and other relevant material will be kept confidential, except where disclosure is required by a disciplinary or other remedial process or required by operation of law or as a consequence of contemplated or actual litigation.

The Complainant and the Respondent and any witnesses interviewed in an investigation are to maintain strict confidentiality about the complaint.

Counselling

The NLPS Employee Family Assistance Program (EFAP) is available to all employees and their immediate families and offers counselling and resource assistance on a voluntary and confidential basis.

No Reprisals

It is a breach of this Administrative Procedure to take retaliatory action or reprisal against a person who, in good faith, raises a concern or files a complaint under this Administrative Procedure, or for:

- invoking these procedures (whether on behalf of oneself or another individual).
- participating or co-operating in any inquiry under these procedures.
- associating with a person who has invoked these procedures or participated in these procedures.

Complaint Procedure Steps

This Administrative Procedure contains two (2) steps, which are outlined below. It is noted that some exceptions to this may apply, and Step 1 may be bypassed and the complaint initiated at Step 2.

All parties involved in a complaint agree to deal with the complaint expeditiously; however, timelines set out in this procedure may be subject to variation by a representative of NLPS, after consultation with the parties and their union representative, if applicable.

Complaints must be made within one year of the alleged contravention, or within one year of the last alleged incident with continuing contraventions. Only in exceptional circumstances will complaints be accepted after a one-year time period.

Step 1 - Speak Up

- a) The Complainant is advised to record the details surrounding the incident(s) including times, dates, places, people involved, names of witnesses, if any, what was said or done, and circumstances surrounding the incident(s).
- b) The Complainant is encouraged to bring the matter to the attention of the Respondent calmly, but firmly, making a direct and clear objection indicating that the comment or conduct is not acceptable, is unwelcome, will not be tolerated and must stop. This is often an effective way to resolve the issue and end the bullying or harassment (including sexual harassment). It is important that both the Complainant and Respondent individually document any communication regarding the complaint.
- c) Before proceeding to Step 2, the Complainant may choose to either correspond with or approach their Supervisor, Union Representative, or designate to report their complaint and to discuss potential means of resolving the complaint and to request assistance in resolving the matter. A resolution may be attempted using the Informal Resolution Outcomes outlined below. If the matter is resolved to the Complainant's satisfaction, the matter is deemed to be resolved.

Informal Resolution Outcomes

- a) All discussions shall be solely an attempt to mediate the complaint;
- b) Any and all discussions shall be completely off the record and will not form part of any record;
- c) The Complainant, Respondent, and Supervisor(s) shall be present at such meetings;

Should a resolution be reached between the Complainant and Respondent at Step 1, this matter will be considered resolved.

Step 2 – Formal Process

If a complainant:

- does not feel comfortable talking to the Respondent;
- is not satisfied with the result of the initial contact with the Respondent; or
- finds the bullying and harassment (including sexual harassment) continues,

the Complainant may file a complaint with the Superintendent or designate or, where the Superintendent or designate is the alleged harasser, with the Executive Director of Human Resources. If deemed appropriate, the Superintendent, or designate, will appoint an independent investigator.

- a) When initiating the complaint process via a written complaint, the *Workplace Bullying and harassment Complaint Form is to be used. This form is found attached* to these procedures. The form allows the complainant to outline the details of the particulars of the allegations. The form is to be submitted along with any other supporting documentation, to the Superintendent of Schools or designate or, where the Superintendent or designate is the alleged harasser, with the Executive Director of Human Resources. If deemed appropriate, the Superintendent, or designate, will appoint an independent investigator.
- b) The Superintendent or designate will review the particulars of the complaint. Upon conclusion of such a review, the Superintendent or designate shall determine the best course of action, which may include an investigation and/or mediation and/or an alternate dispute resolution;
- c) The Respondent cited in a complaint shall be provided with notice of the complaint, and shall be provided with a copy of the Workplace Bullying and harassment administrative procedure and Complaint Form where one is filed by the Complainant. The Superintendent of Schools or designate is responsible for ensuring that the Respondent receives a copy of the written complaint.
- d) The Superintendent of Schools or designate will inform both the Complainant and the Respondent that:
 - confidentiality will be upheld.
 - they have the right to representation during any discussions or meetings held during the process.
 - they have the right to a fair investigation.
 - they have an option of mediation if both the Complainant and Respondent agree.
 - the respondent has the right to receive a copy of the complaint.
 - relevant witnesses will be called upon for both parties.
 - malicious or vexatious complaints will not be tolerated.
 - the process will be expedited to the best of NLPS' ability.
 - the parties will be provided with a summary of the outcome.
 - both parties have access to EFAP.

Resolution

Investigations will include interviews with the complainant and respondent, and any witnesses as well as review of all relevant evidence. Following the completion of the investigation, the Employer will report to the Complainant and the Respondent on the summary of findings. The employer will only convey that the appropriate level of action has been levied and will not provide further details as this is a personnel matter. NLPS will keep a written record of investigations, including the findings.

Vexatious/Malicious Complaints

Complaints or reports of bullying and harassment are serious matters. Employees who are found to This Administrative Procedure is backed up by the following Sections of the Workers Compensation Act:

- Section 115(1) (a) requires an employer to take all reasonable steps in the circumstances to ensure the health and safety of its workers.
- Section 115(2) (e) of the *Act* requires an employer to inform, instruct, train and supervise workers to ensure their safety and that of other workers.

Other legislation, policies and contracts must be considered in conjunction with this administrative procedure:

- This Administrative Procedure is not intended to address incidents of discrimination under the BC Human Rights Code.
- The conduct of the Board of Education is addressed in Policy 2.3 Enforcement of the Trustee Code of Conduct Procedure.
- Inappropriate behaviour by an adult toward a student is not covered by this Administrative Procedure. The School Act, the Ministry of Education's Teacher Regulation Branch, the Child, Family and the Community Services Act will define and govern the standard of behaviour required of adults when dealing with students.
- Inappropriate behaviour by an employee toward a parent or volunteer is not covered by this Administrative Procedure.
- This Administrative Procedure excludes the legitimate exercise of management rights and any reasonable action taken by the NLPS or a supervisor relating to the management and direction of employees or the place of employment, including supervisory decisions involving work direction, evaluation, investigations and disciplinary action.
- This Administrative Procedure does not apply to the reasonable exercise of parent and student rights in bringing forward concerns about the treatment of students by employees, when done in a respectful manner. Parents and students can challenge the decision of NLPS staff through the NLPS Appeal and Complaint Procedures (AP 325).
- This Administrative Procedure does not cover interpersonal conflicts or interpersonal relations, unless they involve bullying or harassment.

COMPLAINT FORM Workplace Bullying and Harassment

PRIVATE AND CONFIDENTIAL

Complainants may seek assistance before completing this form.

This form, along with any documentation supporting this complaint (e.g., emails, handwritten notes, photographs, or physical evidence like vandalized personal belongings), is to be submitted to the Superintendent or designate. (If the Respondent is the Superintendent of Schools or designate, submit this form and supporting documentation to either BCPSEA or a third party who shall have been named by prior agreement of the District and the Union).

NANAIMO LADYSMITH PUBLIC SCHOOLS BUSINESS COMMITTEE PUBLIC MEETING INFORMATION SHEET

DATE:	January 11, 2023
TO:	Business Committee
FROM:	Shawn Johnston, Executive Director of Human Resources
SUBJECT:	Accessibility Committee Update

Background

In June 2022 the provincial government passed the *Accessible British Columbia Act*. The Act requires specific organizations, including school districts, to form an accessibility committee, with the mandate to "assist the organization to identify barriers to individuals in and interaction with the organizations" and "advise the organization on how to remove and prevent barriers to individuals in or interaction with the organization."

The Act provides that the Accessibility Committee "must, to the extent possible" have at least half its membership comprised of persons with disabilities or persons who support or are from organizations that support persons with disabilities; reflect the diversity of persons with disabilities in BC; have at least one Indigenous member; and reflect the diversity of persons in BC.

"Barriers" are defined in the Act as "anything that hinders full and equal participation in society for a person with an impairment.", and includes barriers caused by: environments, attitudes, practices, policies, information, communications or technologies, and affected by intersecting forms of discrimination.

"Impairment" is defined as including "a physical, sensory, mental, intellectual or cognitive impairment, whether permanent, temporary or episodic.

Discussion

The District has begun this work, by:

- 1. Having Accessibility Gap Analyses conducted at all schools; and
- 2. Creating an Accessibility Committee for the District.

The District is in the process of forming the Accessibility Committee. This staff-based committee will be co-chaired by the Director of Instruction – Inclusive Education and the Executive Director of Human Resources, to start, and consists of District Staff from multiple departments and sites and community members. There have been some challenges in getting parent and student representation, and we continue to seek those members.

The first committee meeting is later this month. This spring, the Committee will establish a Terms of Reference, review the data gathered through the Accessibility Gap Analysis, and begin work on a work plan for the next 3-5 years.

NANAIMO LADYSMITH PUBLIC SCHOOLS

BUSINESS COMMITTEE PUBLIC MEETING

INFORMATION SHEET

DATE:	January 11, 2023
TO:	Business Committee
FROM:	Mark Walsh, Secretary - Treasurer caring healthy
	Pete Sabo, Executive Director Planning & Operations
SUBJECT:	Administrative Procedure 506 – Relocation, Acquisition and Use of Portables

Background:

As part of the District's ongoing review and updating of Administrative Procedures, staff have reviewed procedures associated with portables. This Information Sheet highlights the changes.

Discussion:

The current Administrative Procedures 233, 505 and 506 address portable structures. In reviewing these procedures, the Facilities Department Managers in conjunction with the Department of Learning Services have determined that it made more sense to combine these Administrative Procedures. This allows staff and trustees to review a single Administrative Procedure for information.

The changes also provide clarity on the procedures, including the acquisition, placement and use of portables.

Reconciliation

Appendix A: Revised Administrative Procedure 506 – Relocation, Acquisition and Use of Portables
 Appendix B: Current Administrative Procedure 233 – Use of Portables Schools
 Appendix C: Current Administrative Procedure 505 – Location of Portable Structures
 Appendix D: Current Administrative Procedure 506 – Allocation of Portables

Administrative Procedure 506 – Relocation, Acquisition and Use of Portables (Modular Classrooms, Learning Studios, etc.)

AP 506 – Relocation, Acquisition and Use of Portables (Modular Classrooms, Learning Studios, etc.)

Purpose

The allocation of learning studios within Nanaimo Ladysmith Public Schools shall be guided by the Ministry of Education & Child Care space standards. Any variance to the Ministry space standards shall be in accordance with approval of the Superintendent or designate. The Board supports students being placed in the main building. If the opportunity to place students in the main school building does not exist and a learning studio is the only viable option, the relocation, acquisition, placement, and use of the space shall follow the criteria contained in this procedure.

Procedure

Allocation and Acquisition of Portables

- 1. Allocation of existing portables and acquisition of new portables shall be based upon providing the best possible educational accommodations for students.
- 2. Intermediate classes (Grades 4-7) shall receive first consideration for assignment to a portable.
- 3. Kindergarten and Grade 1 classes shall not be assigned to a portable without running water and toilet facilities unless no other alternative is feasible, and then only with the approval of the Superintendent or designate.

Placement of Portables on School Sites

- 1. The location of portables on a school site shall be determined by the Facilities Department through consultation with the School Principal, and recommended to the appropriate Assistant Superintendent, based upon:
 - the location best serving school needs
 - accessibility considerations
 - compliance with building regulations
 - proximity of services: electrical, fire, water, information technology and PA system connections

- ease of access to washrooms
- future building expansion and site development
- site grade
- 2. Facilities shall maintain a portable inventory for use in the allocation process and reporting to the Ministry of Education & Child Care.
- 3. Facilities shall prepare and keep current a plan indicating possible future locations for portables for each school site. Where a school site requires multiple portables, every attempt will be made to create or enable pods. The creation of a portable pod enables future improvements including but not limited to covered walkways, shared raised decks, access to central washroom facilities, potential security enclosures, and access to shared ramps and stairs.
- 4. Facilities staff to determine if any potential conflicts exist with any of the neighboring properties. Staff may advise the neighboring property occupant of the works if deemed appropriate. Whenever possible, such notification meeting shall take place at least 6 weeks prior to the placing of the portable classrooms on the site.

Use of Learning Studios

- 1. The primary use of Portables will be for general instruction purposes.
- Portables will not be allocated to schools for uses other than general instruction without the approval of the Superintendent or designate. These uses could include, but not be limited to, multi-purpose rooms, staff rooms, band/music rooms, special education rooms and counselling space.
- 3. Portables utilized as school space on district sites may be used only for their authorized and intended purposes. Any change in the use of a portable requires prior approval of the Superintendent or designate.
- 4. Any portables that are deemed surplus as the result of new space added or enrolment decline shall be rendered inaccessible to the school and 'secured' by the Facilities Department. Portables deemed surplus shall be considered for re-allocation.

Adopted: January 31, 2001

Amended: Updated and replaces AP 505 and 233 - January XX, 2023

Administrative Procedure 233 – Use of Portables - Schools

AP 233 – Use of Portables - Schools

Purpose

The Board recognizes that the use of portable classrooms may often be the only way to provide adequate space to maintain acceptable levels of class size or support services in schools.

Procedure

- 1. Assignment of portable use shall be based upon providing the best possible educational accommodations for students, with consideration given to portable location, proximity to washrooms, learning resources, etc.
- 2. Intermediate classes (Grades 4-7) shall receive first consideration for assignment to a portable.
- 3. Kindergarten and Grade 1 classes shall not be assigned to portable classrooms without running water and toilet facilities, unless no other alternative is feasible, and then only with the approval of the Superintendent of Schools.
- 4. Seniority of teaching staff shall not be a criteria for portable classroom assignment.
- 5. Portables shall not be used as computer labs.

Placement of Portables on School Sites

- 1. The position of the portable shall be determined by the Facilities Department through consultation with the principal based upon:
 - a. serving student needs
 - b. access to learning resources
 - c. access to washrooms
 - d. site conditions
 - e. access to services (i.e., power, PA, fire alarm, etc.)
- 2. Portables shall be connected to the school's PA system; fire alarm system; and, where necessary, security system.
- 3. The principal shall immediately notify the property owner who is adjacent to the chosen portable locations, before portable placement commences.

Adopted: September 28, 1994

Administrative Procedure 505 – Location of Portable Structures

AP 505 – Location of Portable Structures

Purpose

Once a need for a portable structure on a school site has been identified, the Properties Department, the appropriate Assistant Superintendent and the school principal will consult with the potentially affected neighbouring residents prior to location the portable structure on the school site.

Procedure

- 1. The Property Department shall develop a plan showing the prime location and alternatives to best service District and school needs.
- 2. The principal shall arrange a meeting with the potentially affected neighbouring residents to provide consultation on the selection of the location for portable structure(s).
- 3. Whenever possible, such meeting shall take place at least 6 weeks prior to the placing of the portable classrooms on the site.
- 4. The criteria to be sued when selecting portable structure location will be:
 - the location best serving school needs
 - compliance with building regulations
 - proximity of electrical, fire, PA system
 - ease of access to washrooms and library
 - future building expansion and site development
 - site grade

Adopted: June 22, 1988

Administrative Procedure 506 – Allocation of Portables

AP 506 – Allocation of Portables

Purpose

The allocation of portables within Nanaimo Ladysmith Public Schools shall be determined by Ministry of Education standards. The Board believes that, where possible students should be housed in the main school building. If the opportunity to place students in the main school building does not exist and a portable classroom is required, this need should be dealt with according to the criteria for the eligibility of portables as outlined in *AP 505 – Location of Portables*.

Procedure

- 1. The Director of Facilities is authorized to approve the allocation of (portable) space that is approved by the Ministry of Education.
- 2. The Director of Facilities is authorized to approve the allocation of (portable) space that is required for service or support of on-site Ministry approved portable units, e.g., electrical rooms, custodial rooms, storage rooms, administrative area, washrooms, and staff-rooms.
- 3. The Director of Facilities is authorized to allocate an existing portable that is requested for a program and is supported by the appropriate Assistant Superintendent, but that is not supported by the Ministry at the time of request. Allocation is authorized only under those circumstances that would indicate that Ministerial support would be forthcoming upon the Facilities Department being given time to make the appropriate application.
- 4. The Director of Facilities, in instances where a portable is required as in (3) above and where a portable is not available within the district, shall initiate the appropriate request for funding from the Ministry of Education. The request to the Ministry is for the authorization of additional space and for the purchase of a portable unit(s) as is required to accommodate the need as stated in (3) above.
- 5. The Board, through the Facilities Planning Committee, shall consider space that is requested and considered necessary for the delivery of a program, but is not supported by the Ministry of Education either now or in the future. A request must first receive the support from the appropriate Assistant Superintendent. The Assistant Superintendent, with the assistance of the Director of Facilities, will present the request together with the criteria in support of the request at the next available Facilities Planning Committee meeting.

AP 506 – Allocation of Portables

The Director of Facilities is directed to deal with requests listed in items (a) through (f) below in the prescribed manner. If those making requests are not in agreement with this ruling, they are to advise their respective Assistant Superintendent. In turn, they are to discuss their request with the

Assistant Superintendent who, if in agreement, will place the request on the agenda for the next Facilities Planning Committee meeting. Please see item (5) above.

- a) Portable units that are now used as Multi-purpose rooms, staff-rooms and gymnasiums will be reviewed by the Facilities Planning Committee and will have their use reconfirmed or will be declared surplus. Requests for portables for this purpose in the future will not be considered as sufficient support for portable allocation.
- b) Portable units that are now used for SSS programs and/or SSS zone offices will be confirmed by the Assistant Superintendent, Student Support Services, in collaboration with school principals and the Director of Facilities. These units will be reviewed by the Facilities Planning Committee and will have their use reconfirmed or will be declared surplus.
- c) A request for a band/music room where there is none will not be considered sufficient reason to support portable allocation.
- d) Any request that deals with the need for counselling space or other Student Support Services related issues will be referred to the Assistant Superintendent, Student Support Services. These requests will be dealt with as in (b) above.
- e) A request for special needs rooms such as time-out rooms, earthquake kiosks, parent gathering rooms or storage rooms will not be considered sufficient reason to support portable allocation.
- f) Requests for portables for future enrolment growth will be considered and dealt with under (3) above.
- 6. Any portables that are deemed surplus as the result of new space added shall immediately be rendered unusable by the Maintenance Department. Portables rendered unusable shall remain so until such time as:
 - the unit disposed of
 - the unit is reallocated for use in the district
- 7. Requests for portables are to be made ready for presentation at the last Facilities Planning Committee meeting in April thereby allowing for Board approval in late May. Given the timely presentation of a request for portables, the Facilities Department will be able to ensure that the portable is ready for school opening in September.

AP 506 – Allocation of Portables

- 8. The Director of Facilities will identify any portables that are considered permanent and will likely remain so for the rest of their existence. The Director shall make a request to the Ministry of Education to have those portables removed from the Ministry's portables inventory list.
- 9. Outside groups requesting to rent, lease or purchase portables, whether on district property or not, shall make application through the Director of Facilities to the Facilities Planning Committee for consideration of their request. All costs dealing with approved requests shall be at no cost to the Board.
- 10. Portables utilized as school space on district sites may be used only for their authorized and intended purposes. Any change in the usage of a portable shall be dealt with as a new application for portable space and shall follow the criteria listed above.

Adopted: January 31, 2001

NANAIMO LADYSMITH PUBLIC SCHOOLS BUSINESS COMMITTEE PUBLIC MEETING INFORMATION SHEET

DATE:	January 11, 2023
TO:	Business Committee
FROM:	Mark Walsh, Secretary-Treasurer
SUBJECT:	Administrative Procedures 347, 403, 407

Background

As part of our ongoing review of our Administrative Procedures to ensure currency, we have reviewed the following Administrative Procedures:

AP 347 – Sexual Orientation and Gender Identity AP 403 – Administration New Schools AP 407 – Coaching Students for Fees

Discussion

AP 347 – Sexual Orientation and Gender Identity

This AP has one minor shift to highlight advice the District has received with respect to a mature minor's rights in our schools associated with personal information. Language has been added to the *Names and Pronouns* section informing parents that, while it is always our preference to work collaboratively with families to build common understandings, ultimately, District staff will respect student preferences related to pronouns, as per the Human Rights Code.

AP 403 – Administration New Schools

This AP will be deleted. The AP does not align with the process of choosing and assigning school principals. The deletion is timely as the Board will be considering the reopening of a school in the near future. The assignment of principals is a duty within the purview of the Superintendent and the practice for a new school should align with the current practice which currently does not have an Administrative Procedure.

AP 407 – Coaching of Student for Fees

This AP is not required. The BCTF Code of Ethics limits teachers from this activity already as does arguably the Teacher Regulation Branch Standards.

Purpose

AP 347 is a guideline to ensure that all programs, activities, and interactions are free from discrimination based on sexual orientation, or gender identity. The procedure covers conduct that takes place in the school, on school property, at school-sponsored functions and activities, on school buses or vehicles and at bus stops. It also pertains to usage of electronic technology and electronic communication that occurs in the school, on school property, at school-sponsored functions and activities, on school buses or vehicles or vehicles and at bus stops, as well as, on school computers, networks, forums, and mailing lists.

AP 347 – Sexual Orientation and Gender Identity

The Nanaimo Ladysmith Public Schools Inclusion Policy (2.10) is based on the principles of respect, acceptance, safety, and equity. It is the recognition and honouring of diversity, and valuing the contributions of all members of our school communities, ensuring that learning environments are safe, caring and inclusive.

The policy does not anticipate every situation that might occur with respect to sexual orientation or gender identity; therefore, the needs of each student must be assessed on an individual basis with the intent to protect the rights and safety of all students and staff.

Objectives

- To support the implementation of the NLPS Inclusion Policy (2.10);
- To establish the Board's commitment to creating respectful, accepting, safe, and supportive educational environments for everyone who learns and works in NLPS regardless of sex, sexual orientation, gender identity, or gender expression;
- To facilitate compliance with district, *BC Human Rights Code*, and the *School Act*.

Definitions for the purpose

LGBTQ+ is the acronym used to refer to the community that includes lesbian, gay, bisexual, trans, queer, questioning, two-spirit, intersex, asexual, pansexual, etc. people.

Non-binary/Gender Expansive/Gender Non-conforming/Gender Creative/Gender Fluid can refer to a person who does not conform to society's expectations of their gender role or gender expression. These are broad terms that include boys who behave, dress and interact in feminine ways; girls who behave, dress and interact in masculine ways; or a mixture of many gender expressions and/or identities; in addition to trans students.

Gender Expression refers to the way a person expresses one's gender, through dress, grooming habits, choice of name and pronoun, mannerisms, activities, etc.

Gender Identity refers to one's psychological and intellectual understanding of our internal identity as a girl (or woman), boy (or man), or both, or neither, regardless of one's sex assigned at birth.

Sexual Orientation is an enduring pattern of romantic or sexual attraction (or a combination of these) to persons of the opposite sex or gender, the same sex or gender, or to both sexes or more than one gender. Trans Person refers to a person whose gender identity is different from the sex they were assigned at birth. This includes people who were assigned male at birth but identify as female, people who were assigned female at birth but identify as male, and people who identify as both or neither male nor female. Two-Spirit Person refers to a First Nations, Métis, or Inuit person who self-identify as having a gender identity, gender expression, or gender role outside the colonial binary and in accordance with the traditions and teachings of their culture.

Social Transition is a process that can involve sharing one's gender identity with others and the transition to identifying as trans or non-binary publically. This may or may not include changes to one's gender expression or sharing information about one's assigned sex.

Adapted from: The Gender Spectrum: What Educators Need to Know Pride Education Network

General Guidelines

When considering aspects of this procedure, it is important to keep in mind that gender is fluid and not binary. It is helpful to see male and female at opposite ends of the continuum of gender identity. By seeing only two genders in decisions about procedure, there is a possibility of pressuring students to

AP 347 – Sexual Orientation and Gender Identity

conform to gender stereotypes and the social roles assigned to females and males. Environments could be created that compel students who are questioning to make decisions before they are ready. NLPS has an obligation to ensure that members of the school community who are LGBTQ+, and members of diverse family structures are respected, included and safe in the school communities and related activities.

Privacy and Confidentiality

All persons have a right to privacy. This includes the right to have one's gender identity and/or sex assigned at birth private at school. Disclosing this information to other students, parents, or other third parties may violate privacy laws, such as the *Freedom of Information and the Protection of Privacy Act* (FOIPPA). The district will ensure that all medical information (e.g. assigned sex) relating to all students will be kept confidential in accordance with applicable district, municipal, provincial and federal policies and privacy laws. School staff will not disclose information that may reveal students' sexual orientation or assigned sex unless legally required to do so, or the student/parent or guardian has authorized such disclosure through the use of the district's release of information form.

Transgender and gender nonconforming students have the right to discuss and express their gender identity and expression openly and to decide when and how much private information to share and with who. Those decisions need to be respected by school personnel. If a student chooses to disclose their gender identity to staff or other students it does not authorize school staff to disclose any medical information about the student. When contacting the parent or guardian of a transgender student, school personnel should use the student's legal name and the pronoun corresponding to the student's sex assigned at birth unless the student, parent or guardian has specified otherwise.

Schools must balance a parent or guardian's need to be informed about their child's school experiences with the student's right to live freely in their affirmed gender. This can be complicated when there is a responsibility to communicate with the parent or guardian about any situation at school directly related to the student's gender identity. In general, school personnel should err on the side of using the person's affirmed name and pronoun to ensure that the person's identity and human rights are respected within the school. Ongoing, open communication with a person during and after social transition is key to avoiding mistakes or inadvertently outing them across varied contexts. When in doubt, always ask the person before you gender them in unfamiliar circumstances.

Situations arising at school may make it difficult or impossible for the school to keep a student's status from the parent or guardian. Schools can, in consultation with the student, work with trained support providers to formally reveal the student's gender status to the parent or guardian in the relatively safe confines of the school. It is important to address all the potential consequences of this approach by consulting with and/or working with trained individuals familiar with such situations. Ensure that support services can be accessed if it becomes evident that the student is no longer safe to return home after the meeting. Privacy concerns are not a reason to prevent a student from living as their affirmed gender. Issues of confidentiality vs. open, respectful discussion must be handled on an individual basis. Students who are open about their transgender or otherwise gender nonconforming status must be acknowledged by their gender identity. Denying this is a violation of their rights to free expression and equal protection under the law.

Names and Pronouns

Every student has the right to be addressed by a name and pronoun that corresponds to their gender identity. A court-ordered name or gender change is not required, and the student does not need to change their official records. A student who is transitioning while at school will likely indicate name and pronoun preferences. Students must be addressed by the pronoun that reflects their gender identity regardless of their presentation – it is their decision. If a student's gender identity is blended or is fluid or is neither, the student may request to not be referred to with a pronoun or with gender neutral pronouns such as they/them/theirs. When school personnel become aware of this, privately ask the student how they want to be addressed in class, in correspondence to the home, or at conferences with the student's parent or guardian. Once declared, these preferences must be respected to ensure the student's sense of wellbeing and security. Schools must proactively anticipate such situations and be informed of appropriate, expected responses to students. Parents do not have a right of veto over a student's express preferences. Parents cannot compel schools to engage in discriminatory conduct. It is always preferable to first try to work with the student and parents to establish common understandings, but ultimately the school will honor the student's wishes.

Schools are required, by law, to maintain a mandatory permanent record card which includes each students' legal name and legal sex, yet have a great deal of latitude in how they handle student records in the day-to-day operations of the school. MyEd BC is being updated to allow for a student's gender identity and assigned sex to be entered separately. Assigned sex is confidential medical information that should not be shared under any circumstances. For the purposes of school operations only a student's gender identity should be used.

Official Records

Schools will maintain a mandatory permanent student record that includes a student's legal name and assigned sex. The school will change a student's official record to reflect a change in legal name or assigned sex upon receipt of documentation to which such change has been made by court order, or through amendment of provincial or federally issued identification. In situations where school staff or administrators are required by law to use or to report a transgender student's legal name or assigned sex, such as for purposes of standardized testing, school staff and administrators will adopt practices to avoid the inadvertent disclosure of such confidential information.

Personal Education Number (PEN), 1701 and Provincial Assessments (FSA)

The name that is presented when the student logs on with their PEN is the legal name submitted with the 1701. Schools are sent a list by the Ministry of Education of all their registered students and are required to check that list to ensure that all students are indicated. If the school sees a student who has had a name change/adjustment they generally contact the Ministry and are advised how they can change it at the site. An outline of the "name" process is as such:

- In September/October schools submit their 1701.
- The FSA information for students in Grades 4 and 7 is drawn from the schools 1701 hence it has the legal name.
- The PEN and legal name of the students are sent to our technical contractors for uploading into the electronic system (no gender information is sent).
- The Ministry sends the school the list of students (PEN and legal name) they expect to be writing at the school.

- The school is required to check the list and contact the Ministry if there are any name changes/adjustments.
- Students log on and write their FSA under their PEN submitted in the 1701 (or if there was a name adjustment under that name).
- Schools send reports home with students based on whatever name the student has written under.
- The Ministry technical contractor sends data back with PEN information only to the Ministry. They
 do not send back any names. The PEN connects back to whatever legal name we have on file from
 the 1701.

If a school adjusts a name at the local level in the FSA, that information is **not** dynamically linked to the Ministry. It will stay in the system for the duration of the schools' use (writing of the FSA by the student and printing reports to go home to parents) but it will not change the name here in our PEN system. To change a name legally with the Ministry a legal name change must be submitted to the PEN department.

Washrooms, Locker & Change Rooms

All students have a right to safe and private washroom and changing facilities. They have the right to access washrooms, locker rooms and changing facilities that correspond to their gender identity regardless of their assigned sex. The student's self-identification is the sole measure of the student's gender. Schools may maintain separate washrooms, locker rooms or changing facilities for male and female students, provided that students can access them based on their gender identity. Where available, schools will designate facilities designed for use by one person at a time as accessible to all students, and to incorporate such single-use facilities into new construction or renovation. Any student who is uncomfortable using a shared facility while attending an off-site school-sponsored co-ed activity will be provided with a safe and private alternative. Students will not be required to use facilities that are inconvenient to access or inconsistent with their gender identity.

Where concerns may arise around who is using which bathroom it is imperative that district staff communicate that behaviour is the only pertinent factor when determining whether someone's bathroom use is inappropriate or unsafe. Problematic behaviour (staring, rude comments, mocking, etc.) by anyone in the washroom should be dealt with in accordance with the school's code of conduct, and the details of one's identity should be left out of the matter.

Gender Neutral Washrooms

The district and school administration will ensure the existence of at least one washroom, that is unlocked and clearly accessible, is available for use by everyone in the building. All such facilities must include signage that makes it absolutely clear that they are not restricted by gender.

Physical Education Classes, Curricular and Extra Curricular Activities

All students have the right to participate in physical education classes, curricular and extra-curricular sports/activities in a manner that respects and embraces their gender identity. Students who present as gender neutral or gender non-conforming will be given the option to decide which activities they feel more comfortable doing. A request may come directly from the student or from a parent or guardian. It

AP 347 – Sexual Orientation and Gender Identity

is the school administrator's responsibility to make the requested arrangements for these students to participate in school and extra-curricular activities and physical education. All requests/meetings/decisions must be documented and maintained in a confidential file.

Class Placement

During the process of considering how to place students in classes for a school year, school personnel carefully consider each student's unique behavioural traits and learning attributes as the primary factors. Using gender as a defining characteristic is to be avoided when looking at how to balance the composition of a class. It is important to be aware of and minimize the impacts of gender stereotypes and generalizations in all our practices in schools, including the way we construct classes.

Other Gender-Based Activities, Rules and Practices

School personnel are required to evaluate all gender-based procedures, routines, activities, rules, and ceremonies to ensure inclusive language and purpose. Language used should be as gender neutral as possible in all cases. Newly written guidelines must be communicated to all staff, parents and students. Students have the right to expect that all policies, procedures, programs and communications are appropriate, competent and respectful, taking into consideration all parts of their identities. Students will be permitted to participate in any such activities or conform to any such rule, policy or practice consistent with their gender identity.

Billeting and Overnight Field Trips

Plans for billeting for sports teams and/or overnight school based activities must provide accommodation for each student in a room where they will feel safe and accepted. The student can decide where they would feel most comfortable if they are staying in shared accommodations with other students and/or families. The school administrator or teacher in charge of the event will make every effort to make adjustments to support the student. When staying with a billet family discuss with the student or their parent or guardian whether the student requires the billet family to be informed of their sexual orientation or gender identity. Wherever possible, in a billet situation, a member of staff should be billeted along with the student to further ensure their feelings of safety.

International Students

Students must be placed into families where they feel safe and accepted and who are knowledgeable about individuals who are LGBTQ+. All host families will be required to answer a questionnaire regarding societal issues, one of which will be about sexual orientation and gender identity. Direction must also be taken from the students themselves. It must be acknowledged and accepted that each case is different and that a student knows best what they need for them to feel safe and comfortable in a new home environment.

Media and Community Communication

When the school district is communicating to the media or community about issues related to sexual orientation or gender identity, the school or district will designate a single spokesperson as the key contact person. All other district and school staff will direct community members and the media to the designated spokesperson. Protecting the privacy of transgender and gender nonconforming students is the top priority. All medical information is kept strictly confidential. Any violation of confidentiality of this

information contravenes this administrative procedure and the privacy law *Freedom of Information and the Protection of Privacy Act* (FOIPPA).

Transitioning at School/Work

NLPS staff should be prepared to support any member of the NLPS community through the process of social transition at school/work at any time. For students in transition it is advisable to create a gender support plan to ensure that staff and the student (and/or their family if desired) have the opportunity to go over all changes and/or accommodations that may be necessary throughout the process. A template of a gender support plan is available <u>here</u>. Initiating the creation of any gender support plan must be done with the full support and involvement of the person in transition, and should be customized to the extent necessary for it to be effective and in alignment with the needs of the subject.

Support for Students

NLPS is committed to maintaining a safe, inclusive learning environment which actively seeks to support students who identify themselves on the basis of sexual orientation or gender identity. School Counsellors and Child & Youth Family Support Workers are often the first point of contact for students seeking emotional support and will be specially trained in culturally safe responses to LGBTQ+ students and students with LGBTQ+ family members. All staff employed by, or providing services within the district, will be educated in the knowledge and skills required to deal with LGBTQ+ issues with students, and will be informed about the *NLPS Inclusion Policy (2.10)* and Procedures including *AP 347 - Sexual Orientation and Gender Identity; AP 312 - Harassment, Intimidation, Bullying and Discrimination (Student);* and, *AP 344 - Code of Conduct.* School administrators have the primary responsibility for ensuring that all school staff, Parent Advisory Committees and students are familiar with and understand the content of the Inclusion Policy and these procedures. The Board of Education is responsible for ensuring that employees who represent the district in other areas are equally as informed.

Students can report incidents of harassment, bullying, intimidation and discrimination through the *Erase Bullying Website*. Access to this site is on each school's website or information is available through school administration.

Gender and Sexuality Alliances – GSAs

There is significant evidence that simply having a gender and sexuality alliance (Queer/Gay-Straight Alliance) in a school reduces homophobic bullying and the associated negative impacts for *all* students, not just LGBTQ+ students. All NLPS schools are encouraged to form a student-led GSA and support its ongoing existence.

In order to ensure safety and to provide supervision and guidance/support a staff sponsor (ideally identified by the students in consultation with the principal) should be in attendance at all GSA meetings/functions/events/etc..

Establishing a well understood mutual agreement among members about how the group will function and expectations of members is recommended at the beginning of each year. As new members join it

will be important to go over this throughout the year. All students are welcome to join their school's GSA provided they accept the agreement.

Staff sponsors must be conscious of student privacy and confidentiality in ensuring that students' membership in a GSA is not shared or publicized for any purpose without the permission of each student. Students do not need to obtain parent permission to participate in clubs or other student-led organizations and GSAs are no different.

Appropriate Intervention - Responding to Incidents

Students and other members of the NLPS community have the right to expect a respectful and culturally safe school environment free of discrimination, harassment and bullying. In 2007, the Ministry of Education mandated that schools and districts establish procedures that align with the *Ministerial Order M276/07 Code of Conduct*. NLPS' Procedure *AP 344 Code of Conduct* outlines the safe, caring and inclusive behaviour guidelines for acceptable student conduct that respects the rights, dignity and diversity of others and promotes civility. *Section 3.0* of the procedure outlines the appropriate intervention guidelines that must be educative, preventative and restorative in focus and purpose.

Each school must, in consultation with staff, parents and students, establish their own Code of Conduct based on the Ministerial Order and the guidelines outlined in *AP 344*, including a section on appropriate intervention. Schools may also refer to *AP 312 Harassment, Intimidation, Bullying and Discrimination -1. Complaints, Section 3.* to guide the decision on the most appropriate intervention.

Students and members of the NLPS community expect that all employees have a duty to intervene in any interactions involving the use of offensive discriminatory language, regardless of the speaker's intention, and to be educative, preventative and restorative in conveying that such comments do not align with the NLPS Inclusion Policy, are prohibited under the B.C. Human Rights Code, and are not acceptable in our educational community.

Board of Education Responsibilities

Inclusion Policy (2.10) expects that all employees will reflect on how their interactions can create a respectful, accepting, safe, and supportive environment for the students, staff and families of our school communities. Therefore, the Board of Education is committed to:

- provide opportunities for staff to increase their knowledge and skills in:
 - promoting respect for human rights,
 - supporting and honouring diversity,
 - addressing discrimination in schools through a code of conduct that is educative, preventative and restorative and,
 - understanding of the scope and impact of discrimination against LGBTQ+ people.
- develop and implement respectful and proactive strategies to support students, staff and community members of all sexual orientations or gender identities.
- establish consistent, widely understood and maintained school-based practices to ensure that LGBTQ+ members of school communities and all families are welcomed, accepted and included in all aspects of education and school life.

 provide training to all new personnel as part of its employee orientation workshops. This training will focus on the district's *Inclusion Policy* and procedural guidelines regarding sexual orientation and gender identity.

Staff Development and Education

Education is the primary purpose of the district. The educational programs in NLPS will include curricular topics and learning resources that reaffirm the inclusion of all members of our community regardless of sexual orientation or gender identity. In addition, staff will have resources and training available to help them teach and promote the safe, caring and inclusive values of the district. Schools will conduct annual staff training for all staff members on their responsibilities under applicable laws, policies and administrative procedures. This will include teachers, educational assistants, administrators, counsellors, and child, youth, and family support workers, and other staff as deemed necessary. Information regarding this administrative procedure shall be incorporated into information sessions for new school employees. All staff share the collective responsibility of creating safe, supportive and inclusive learning and working environments for individual LGBTQ+ staff, students, and students from LGBTQ+ families.

Educators and school support staff will be expected to:

- be familiar with and know where to access the district Inclusion Policy and prevention procedures have a general understanding of definitions regarding sexual orientation and gender identity
- develop appropriate communication strategies to interact with LGBTQ+ staff, students and their families.
- fully understand the concepts of protection of privacy for staff, students, and families
- be aware of strategies and procedures for intervening with issues, such as bullying, harassment, intimidation and/or discrimination
- model and teach inclusive, respectful practises that honour diversity and promote human rights

Educators have an important role to play in teaching and modeling respect for gender diversity. It is expected that teachers will create classrooms where students can see a commitment to creating a safe, caring and discrimination-free environment. Students need to see that teachers are striving to change the notions of only two genders by:

- addressing the class with gender-inclusive language
- sorting students with gender-inclusive language
- creating mixed-gender groups/teams
- displaying signs, posters, stickers and books that depict gender-inclusive images
- celebrating national and international days and events that raise awareness about gender identity
- teaching students how to be allies for marginalized groups
- avoid making assumptions during instruction regarding romantic attraction or use exclusively heteronormative examples of relationships/families
- honouring and talking about diverse and non-traditional families

All students including LGBTQ+ students need to see themselves, their lives and the lives of their families positively reflected in the curriculum through resources that honour diversity. Textbooks, storybooks, novels, worksheets, videos, music, and websites are tools to show people in non-stereotypical

AP 347 – Sexual Orientation and Gender Identity

appearances, behaviours and/or interests and to teach the curriculum in a manner that addresses the impact of discrimination and the expectation that students will treat each other respectfully.

Educators are encouraged to include positive images and accurate information about history and culture which reflects the accomplishments and contributions of LGBTQ+ people.

Recommended Resource: THE GENDER SPECTRUM: What educators need to know Pride Education Network

Learning, Curriculum and Library Resources

Learning, curriculum and library resources need to reflect and value the diversity of NLPS. Resources should be chosen or updated to promote critical thinking and include materials that accurately reflect the range of LGBTQ+ communities. All resources will emphasize universal human themes that acknowledge human diversity as an essential and enriching element of our society and provide all students with opportunities to become familiar with diversity.

School-Community Involvement

The Board of Education and district employees will work to increase parental awareness of the needs of LGBTQ+ staff, students and/or their LGBTQ+ family members. District communications to students, staff, and the community can build awareness of students who live in LGBTQ+ families who need to be positively recognized and included. There is a commitment to ongoing, constructive and open dialogue and, inclusiveness with LGBTQ+ people and others who identify themselves on the basis of sexual orientation or gender identity.

The Board of Education supports and encourages community partnerships that enhance the Board's commitment to inclusivity of LGBTQ+ students, staff, teachers and parents. Parent advisory councils (all partners/stakeholders) will be encouraged to acknowledge and support the diversity of our school community and to engage in dialogue with identified LGBTQ+ staff, students and parents.

Process of Appeal

The Board of Education recognizes and respects the fact that students and/or parents or guardians may sometimes disagree with decisions made by employees. The *School Act* of British Columbia gives parents or guardians and students (with parental consent) the right to express concerns or appeal certain decisions. This right of appeal applies to decisions that significantly affect the health, education or welfare of students. Information regarding the Board's appeal procedure and a copy of the formal appeal bylaw can be accessed at sd68.bc.ca / Board Policies / 1000 Board Governance / 4.0 Bylaws. Prior to an appeal, it is expected that school administration, students and parents or guardians will work to try to resolve concerns at the school level.

AP 403 – Administration – New Schools

Purpose

When the opening of a new school site is confirmed, the assignment of the chief administrative officer (principal) to the school shall be by means of competition.

Procedure

For the assignment of an Administrative Staff Member (principal) to a new school site the competition process shall be as follows:

- 1. A competition process shall be implemented;
- 2. The competition shall be open to all individuals who are qualified for the position according to provincial and local criteria;
- 3. The Board of Education, upon a recommendation from the Superintendent, will declare whether or not the competition is local or to be extended beyond local candidates;
- 4. The competition will follow the procedures established for the selection of administrative officers.

Adopted: March 9, 1983 Amended: November 14, 1984

Administrative Procedure 407 – Coaching Students for Fees

AP 407 – Coaching Students for Fees

Purpose

The Board does not favour teachers accepting fees for coaching students during the school term. In any case no coaching of pupils for fees shall be done on school premises.

Adopted: March 9, 1983 Amended: November 14, 1984

NANAIMO LADYSMITH PUBLIC SCHOOLS Board of Education Business Committee Meeting Information Sheet

DATE:January 11, 2023TO:Business CommitteeFROM:Mark Walsh, Secretary-TreasurerSUBJECT:Operating Grant – Funding Update

Annually, districts are required to project their anticipated student enrolments for the coming school year. Ministry collects this information and under the Funding Allocation System, applies per pupil rates and supplemental funding for particular unique student categories, the total funding generated is the Operating Grant amount for our preliminary Annual Budget.

In September of each year the Ministry receives our actual student enrolment figures through the 1701 Student Data Collection. In December once the data has been analyzed by Ministry our annual Operating Grants are amended to reflect actual enrolments over estimated enrolment where the variance between the two could see the districts Operating Grant increase or decrease depending on gap, and on any changes made to per pupil funding rates, or supplemental funding categories.

Further, at this time districts are advised if their submissions for funding under the Classroom Enhancement Fund has been approved or not, as well as any applicable changes to the Fund itself.

In early October the Board was provided with an enrolment update where a decrease in enrolment was estimated to be (96.214) FTE, but, due to enrolment under some of the supplemental funding categories being over original projections, revenue was actually estimated to increase by \$935K.

However, due to the timing of the October Board report being compiled prior to the 1701 Student Data Collection being officially finalized (data capture date is Sept 29th but finalization was Oct 7th), there were some last-minute adjustments at Secondary (Grade 10-12 = 23.749 FTE less) and at Island Connect Ed (Grade 9-12 = 11.0FTE Less) that reduced the original estimate by another (34.749) FTE which amounted to a corresponding \$185K less funding, for an estimated increase in revenue of only \$749K.

The estimate was contingent on the confirmation of per pupil rates and supplemental funding category changes, but on December 16th the Ministry announced there were no changes in funding rates which confirmed our estimated revenue increase remained \$749K.

Notably, per a lack of change to per pupil rates, Ministry is not addressing inflationary costs at this time, districts must absorb them internally within their original funding levels.

Also, funding necessary to cover the General Wage Increases (GWI's) for NDTA members, as well as our Executive Compensation increases has not yet been provided. Ministry did advise that funding is forthcoming but not when or how much, so staff reached out to inquire if funding will arrive in time for the Amended Annual Budget; we were told likely not. The Amended Budget's salary and benefit expenses will therefore not reflect the cost of the general wage increases as the anticipated revenue cannot be recorded until it has been confirmed and received.

With regards to the Classroom Enhancement Fund, we can confirm that Ministry has provided the requested teacher FTE necessary to meet our class size, composition and ratio staffing levels as required under LOU 17, as well as the amount of remedy that is estimated to be payable over the 2022/23 school year. However again, increased salary and benefit costs due to the teacher General Wage Increase have not yet been provided under this Fund.

Presented below is a Schedule of Change in Revenue for Funded Student Enrolment and Supplemental Funding Categories.
