Subject: Draft policy 2.5 Annual Work plan

CAUTION: External Message

Hi there,

I was hoping that included in your annual work plan would have better maintenance of the schools' grounds in our district. For example, snow removal or salting on icy sidewalks as well as in the spring when track season starts that crew would check over each school and make sure the grounds are ready for track and field practices. Last spring 2022, as a parent of children who attend Island ConnectED, I took the initiative and helped the school weed out our long jump pit and get it ready for track and field practice. When the school district does these things, it shows they really care about our students, teachers, staff and the families in our community.

Thank you for taking the time to read my email.

Warmest regards,
Shelam Zhou
