M. Charlene McKay,

Greetings!

I am writing to urge you to vote yes to move the proposed Environmental Sustainability Action Plan forward for public consultation.

I host a weekly radio show on CHLY called Climate911.

We recently interviewed Jessica Stanley about the ESAP and what was being done within SD68 to address climate change.

I was really impressed with the ESAP and its proposed actions.

This plan will help our community take critical steps forward in rethinking our relationship to the land we live on and equipping our youth to become thoughtful stewards of our environment.

I hope you will embrace this opportunity for Nanaimo Ladysmith Public Schools to become a provincial leader with this bold plan!

Blessings,

Don Giberson
