

NANAIMO LADYSMITH PUBLIC SCHOOLS BUSINESS COMMITTEE MEETING INFORMATION SHEET

DATE:	May 10, 2023
TO:	Business Committee
FROM:	Mark Walsh, Secretary-Treasurer and Taunia Sutton, Director of Finance
SUBJECT:	2022/23 Third Quarter Financial Report

Background

This information sheet provides the districts third quarter operating results, as compared with the Amended Annual Budget presented in February.

Important to note that following the approval of the Amended Budget the district received anticipated Labour Settlement funding for the negotiated general wage increases for CUPE, the NDTA and Exempt Staff. This significant increase in revenue has now been incorporated into the Post-Amended Budget along with the associated salary and benefit expenses.

The report also provides a forecast of operating expense between April 1st and June 30th along with an estimated year-end financial position, and an adjusted Accumulated Operating Surplus balance based on that figure.

Continuou

Discussion

Presented on the following page are the districts third quarter financial results for 2022/23 along with the same period in 2021/22 as a comparator.

Of note:

lo be a leader in environmental

- 1) District revenues are recorded as received by the funding party and vary in schedule over the fiscal year, at Q3 we expect to have collected approximately 70%
- 2) With school-based operations being 10 months, Teacher, EA and Substitute salary expenses should be approximately 70% spent at Q3
- 3) Principals, Vice Principals and Other Professionals are 12-month staff so expense levels should be approximately 75% spent
- 4) The Support Staff (not including EA's) category has a blend of 10- and 12-month staff which puts their expected % spent between 70 and 75
- 5) Benefit costs are expected to be approximately 65% spent at Q3. Costs are lower in the first three quarters and higher in the final as we account for 10-month employee benefits over the summer months in June
- 6) Supply and Services accounts are applicable to both 10- and 12-month operations so this category is expected to be upwards of 70% spent by Q3, however, depending on budgeted surplus appropriations, planned spending and market/vendor complexities this category may be lower.

Third quarter results shows that the district is on target in both Revenues and Expense, there are no areas of concern to report.

econciliation

In order to ensure the district will finish the fiscal year in a financially sound position, staff have estimated expenses for the fourth quarter, April to June. Further, this forecast allows us a preliminary look at what our Accumulated Operating Surplus balance will be, based on this figure.

As noted above, on March 31st revenue over expenses were \$992,923. We then have to account for any transfer of Operating Funds over to Local Capital, as well as any assets that were purchased with Operating Funds. The remaining balance is the districts overall year-end surplus/deficit amount which is then added/subtracted from our prior year Accumulated Operating Surplus balance to get the revised surplus balance.

Preliminary estimates show that the district looks to end the year in a favorable position with a \$1.19 million Operating Fund surplus (revenues over expenses). Following the transfer of funds to Local Capital and accounting for Capital Assets Purchased with operating funds, we will have utilized \$519k of our Accumulated Operating Surplus, leave a balance for future operations of \$7.3 million.

sustainability

<u>Revenues</u>: The revenue forecast to year-end includes all additional items that are either known or estimated to be recorded between April 1st and June 30th Child Cool and Cool an

As previously indicated, since the Board approved the 2022/23 Amended Annual Budget in February the Ministry of Education and Child Care provided the funding for general wage increases due to all employee groups following ratification of the CUPE and NDTA Collective Agreements, as well as for Exempt Staff, in alignment with those negotiated increases. The additional \$5.78 million has been added to the Post-Amended Budget and all staffing categories have been increased accordingly, offsetting the actual costs up to March 31st.

Under the Ministry of Education category there are two items that we have been advised will change the current revenue amount. The first relates to the K-12 Enrolment Compliance Audit that the district recently went through which resulted in a relatively small loss of funding (\$210,540). The other was an increase in funding of \$127,680 due to an error made by Ministry when calculating our February Data Collection; overall result is a reduction of (\$82,860).

With regards to our International Student Program, a final reconciliation of estimated revenue for 2022/23 vs the Amended Budgeted amount in February means a small variance as we are expecting to collect \$214K more than originally anticipated.

The remaining adjustments include an increase in our Rentals and Leases estimates per current community use and rental agreements, a small decrease to a Contract for Service, and an increase in the amount of investment income we estimate for the full fiscal year.

For additional information on our investment portfolio, please note the following.

Investment	Purchase Date	Rate	Total Investment	
Central Deposit Program (CDP)	historical balance	5.20%	12,875,512	[1]
Royal Bank of Canada - GIC - 2 year with quarterly payouts	01-Dec-21	1.31%	2,000,000	[2]
Coast Capital Savings - GIC - 4 year fixed	03-Nov-22	5.45%	4,000,000	
Coast Capital Savings - GIC - 1 year fixed	28-Apr-22	3.15%	2,500,000	[3]
First West Credit Union - GIC - 1 year cashable after 90 days	16-Feb-23	5.24%	3,613,432	

[1] - The CDP rate flutuates based on the Bank of Canada interest rate announcements

[2] - the RBC GIC has been maturing every 3 months and now holds a value of \$756,078

[3] - This GIC matured April 28, 2023 and was cashed into our RBC Operating Account

Currently the district holds funds in three different places which include the CDP, Royal Bank, and Canaccord. The Bank of Canada has adjusted interest rates by 425 basis points since March 2022 resulting in a significant increase in rates not only in the district's current Operating and Central Deposit Program (CDP) accounts but also in the rates available on Guaranteed Investment Certificates (GIC's).

With the current investment levels and interest rates we will record an estimated \$180,000 additional revenue for the year, over the previous budgeted amount.

For the coming fiscal year, we are assessing our portfolio for two reasons, first we anticipate that rates will soften over the year and therefore we'll need to decide on long-term vs short-term options depending on return rates. As well, we need to ensure we maintain sufficient accessible cash balances to cover ongoing operating costs, as well as cost pressures, without concern. As noted above we've already cashed the Coast Capital GIC of \$2.5 million and reinstated our cash balances which will bear interest per RBC's rate. In late May the First West Credit Union GIC matures and we may also cash this in as opposed to reinvesting, depending on rates and investment options at the time. The reduced portfolio will have no impact on 2022/23 as we estimated revenues based on cashing out both investments. Although for 2023/24 we estimated based on lower investment balances, depending on upcoming rates, we may need to adjust our preliminary estimates for the Amended Budget.

Expenses: The expense forecast to year-end estimates our salary, replacement and benefit costs between April 1st and June 30th using the most recent payroll costs and projecting them out for the duration of the remaining fiscal year, per employee category. Important to note that this is an extremely complex process with many variables that can change over the period such as leaves, assignment/replacement salary differentials, benefit usage, recruitment challenges, etc. Therefore, figures are best estimates, subject to change based on actual operational costs over the balance of the fiscal year.

Similarly with Supplies and Services, estimated expenses to year-end assume the same rate of consumption in prior periods, however, increased year-end spending, market availability, resource acquisitions (received by June 30th or thereafter), and inflationary costs, make this difficult to estimate with certainty.

Overall, the estimated surplus of \$1.19 Million revenues over expenses puts the district in a positive year-end position, maintaining a reasonable Accumulated Operating Surplus balance, in alignment with our Accumulated Operating Surplus (Reserves) Policy 2.16

Special Purpose Summary:

The following provides the third quarter financial results for the districts Special Purpose Fund, as compared to the Amended Budget. At March 31st both revenues and expenses are at 68.1% which is within the expected range. Any year-end surplus balances will be retained by the district, for use in the coming fiscal year, in support of the intended programming.

Special Purpose Summary at March 31, 2023									
Special Purpose Revenues	22/23 Amended Budget	Actuals at March 31	% Collected or Spent						
Annual Facilities Grant	573,245	555,746	96.9%						
Learning Improvement Fund	498,816	352,908	70.7%						
French Programs	291,264	184,085	63.2%						
Ready Set Learn	103,236	24,813	24.0%						
Strong Start	288,849	179,011	62.0%						
Community Link	2,445,727	1,548,938	63.3%						
Classroom Enhancement Fund	11,765,443	8,331,549	70.8%						
CR4YC	30,386	8,230	27.1%						
Mental Health	137,838	41,552	30.1%						
BCTEA Transportation Fund	272,353	118,129	43.4%						
Federal COVID Fund	249,739	249,739	100.0%						
School Generated Funds	2,705,000	1,919,988	71.0%						
Other Misc. and Deferred Revenue	2,569,906	1,412,905	55.0%						
Total Special Purpose Revenue	21,931,802	14,927,593	68.1%						
Special Purpose Expenses									
Teacher Salaries	8,454,447	5,986,353	70.8%						
Principals/Vice Principal Salaries	404,696	289,965	71.7%						
Educational Assistant Salaries	1,937,582	1,323,142	68.3%						
Support Staff Salaries	529,417	400,535	75.7%						
Other Professional Salaries	208,284	164,980	79.2%						
Substitute Salaries	816,410	462,052	56.6%						
Total Salaries	12,350,836	8,627,027	69.8%						
Employee Benefits	3,106,496	2,149,588	69.2%						
Total Salaries and Benefits	15,457,332	10,776,615	69.7%						
Services and Supplies	6,474,470	4,150,978	64.1%						
Total Special Purpose Expense	21,931,802	14,927,593	68.1%						
Surplus (Deficit), end of year	-	-							

Note: Substitute Salaries shows as 56.6% spent, however, the Classroom Enhancement Fund has a large budget for expected Remedy cost which may or may not be utilized in the current year, unspent remedy will be accounted for per agreement between the NDTA and the district.

Note 4: This list is exclusive of AFG (Annual Facilities Grant) and Local Capital

Local Capital Update:

ruth and

sustainability

For the third quarter report we are presenting only the Local Capital projects and balances to March 31st. In September staff will provide the Board with the Local Capital year-end financial position, the three-year Local Capital Plan, and a recommended fund transfer from our Accumulated Operating Surplus to support future planning.

Note that at the end of the third quarter, the Local Capital balance is \$5.4 million, however, there are outstanding financial commitments pending for acquisition of technology, and fourth quarter project expenses to account for on June 30th.

Note 1: The current allocations are subject to change if emergent needs arise

Note 2: WIP (Work in progress) is equal to the costs incurred in previous years for projects not yet complete at the end of 2021/22.

Note 3: The amount indicated as the transfer necessary to fund three year planning will be adjusted +/- depending on the year-end Local Capital Balance Note 4: The ending Fund balance will be less expenses between April and June

Note 5: The actual year-end balance will be presented in September 2023, along with a recommended transfer to support three-year Local Capital Planning

Financial Summary:

Overall staff are confident that the district is in a positive financial position, however, we reiterate that much can change in a single quarter and year-end results may vary from the current forecast.

Also, important to note that the district is in a healthy accumulated operating surplus position, provided we don't end the year with an unlikely operating deficit, which will allow the Board to continue to support some one-time educational initiatives in 2023/24 as well as provide financial resources for our three-year Local Capital Plan. This Plan has a focus on long range capacity pressures, continued support of technology, environmental sustainability, school growth and accessibility, as well as asset management, all of which must be resourced by the district as not funded by the Ministry of Education and Child Care.
