DATE: May 7, 2025
TO: Strategic Directions Committee
FROM: Kerri Steel, Director of Instruction – Learning & Inclusion
SUBJECT: Accessibility Plan Update

Background

This information sheet is to provide an annual update on the district's Accessibility Plan.

Discussion

The Accessibility Committee has just completed the second year of its inaugural three-year Accessibility Plan.

The committee met six times between September and April, and consists of: community representatives (a parent, a member of Snuneymuxw First Nation, a representative from Tillicum Lelum); staff from a number of departments (Human Resources, Learning Services, Facilities and Communications); a Principal, and representatives from both CUPE and the NDTA.

This plan has four priority areas:

1. Employment and Service Delivery Practices
2. The Built Environment
3. Inclusion, Mental Health and Peer Connections
4. Information and Communication

The attached update provides a description of the areas of focus during the 2024-2025 school year. A draft workplan for the 2025-2026 school year will be created during the committee's final meeting at the beginning of June.
