Good Morning Rory,

I hope all is well with you. As an introduction I am Lennon's mom.

I'm not sure if you are aware but a lot of parents drive their teenagers to Snuneymuxw's recreation centre in and their outdoor court in Nanaimo to play basketball because they do not have an adequate space in Cedar.

We are hoping to get a similar outdoor court on the school lands. However the RDN is proposing to put a pickleball court there.

It's my understanding that there is a minimum of 2 teams per grade (1 female and 1 male team) but that grades 7 & 8 have combined teams?

Is pickleball as popular as basketball at the school? Do the kids play it outside of school hours? As the P/E teacher if you could choose 1 court over the other based on the kids' needs which one would you choose?

Thank you,
Jackie Wasyluk

Re: Outdoor basketball courts

Hi Jackie

I would choose basketball for sure. Students do not play pickleball on there own unless we get them to in PE. As for basketball grade 8 has a boys and girls team. Therefor could potentially be 6-7 basketball teams in a year. Some years we have a grade 9 and a 9/10 team
