Subject: PROOF THE VACCINE IS NOT WORKING AND INSTEAD HARMING AND KILLING PEOPLE .. ESPECIALLY THE YOUTH!!!!

CAUTION: External Message

Dear All,

My heart breaks as I see Bonnie Henry mandating a vaccine that is killing and permanently disabling the youth in Canada. I don't understand how she could do this with so much information surfacing from the international medical and science community.

Below are emails I have forwarded to local, provincial and federal officials. They have decided to be complicit with this very unconstitutional 'emergency use only' vaccine mandate. Although Pfizer got approval for the vaccine .. they haven't started production yet and we still don't have a full list of ingredients and adverse effects. Nothing is official. How do we know the ingredients are the same .. has anyone seen it and studied it.

From what I have seen, we have been lied to by authorities we trusted. Please do not follow this mandate blindly. Educate yourselves regarding the vaccine.

Do not be responsible for ruining children's lives. Many youth have died after the shots from heart attacks or ended up with myocarditis. This is really serious. Stand against the mandate. We've been fine all summer. There is no reason to mandate the vaccine ... unless they have an ulterior motive. None of us will be spared if we don't stand up. Look at WW2.

Regards,
A fellow concerned Canadian

**A POSSIBLE SIDE EFFECT OF THE VACCINES IS DEATH .. WHO
WILL SPEAK UP ON BEHALF OF THE CHILDREN?**

Please avail yourself of all the information I have included in the form of links, so you can make an 'informed' decision about the vaccines. Never have people been forced to take a vaccine with no proper information and complete knowledge of all known side effects and all risks. There is VERY ALARMING medical information coming to the surface showing the dangers of these vaccines due to decreased strength of the immune system of vaccinated people. This vaccine does not save lives and does NOT prevent transmission.

The government / people who are pushing these vaccines, who have been pushing this enterprise from the beginning, have come out of the closet and revealed their agenda when the approval was issued.

All pretence that this is about public health and democracy and protecting the public has been dropped. They have come out and made very clear to the public that this is about power.

Robert F. Kennedy jr. message regarding vaccine studies and Aug 23rd Pfizer vaccine approval

<https://www.bitchute.com/video/cJp806rr9JUh/>

To summarize: the vaccine does not save lives (per 1st study) and it does not prevent transmission, rather it may enhance transmission (per 2nd study). In addition, based on 3rd study, they are seeing that the people most likely to get ill or die are the young people. Covid-19 tends to kill very old people with comorbidities, **but the vaccines tend to hurt and harm and kill those who are young**, who are at the beginning of their lives. FDA ignored all the regulatory process and with this approval.

The seriousness of vaccinating children with an emergency only vaccine, an experimental drug: those telling children to get vaccinated should be set before a tribunal under the Nuremberg Code.

EFFECTS OF THE COVID-19 JAB: MICROBIOLOGIST DR. SUCHARIT BHAKDI INTERVIEWED BY DR. JOSEPH MERCOLA

<https://www.bitchute.com/video/32vGrOfyGhDU/>

As per Dr. Bhakdi, 'Under the Nuremberg code, these experiments done on humans can only be done with informed consent. The person to be vaccinated has to be informed about all the risks, the risk benefit ratio, the potential dangers and what is known about side effects. This cannot be done with children because children are not in a position to understand it. Therefore, they cannot give informed consent. Therefore, they cannot be vaccinated. If anyone does that, he should be set before a tribunal. If grownups have been fully informed and want to get the shot, that's all right, but don't force anyone to get this shot. But don't force anyone to get the vaccine. What we are witnessing is one the more fascinating experiments that could lead to massive auto immune disease.

Any vaccination that is going to get authorized, must be shown to protect against severe illness and death, and this has definitely NOT been shown. So, forget authorization ... it can't be authorized, not by any normal means. The numbers that have been published by John Ioannidis, which have never been contested, show that the infection fatality of this virus is not greater than that of a seasonal flu. There ARE available prophylactics to treat this virus, and the fatality rate goes down another 70 – 80% if they are treated properly ... which means **there is NO GROUND for emergency use vaccine.** Which means that the FDA SHOULD be able to be forced to retract this emergency use authorization.'

per Dr. Bhakdi, 'Blood clots WILL form because the spike proteins are in the blood.

The vaccines must be stopped. Gene based vaccines are an

absolute danger to mankind. Everyone who is propagating this should be put in front of the Nuremberg Code None of the vaccines have been done with informed consent. ‘

Problem: any data for informed consent has been banned.

As people in positions of authority
who have a voice in Canada, you

need to be informed that the
'EXPERIMENTAL GENE THERAPY'
COVID VACCINE BEING MANDATED
ACROSS THE COUNTRY IS NOT THE
VERSION APPROVED BY THE FDA.
The approved vaccine HAS NOT
started production, and in fact, the
FDA documentation required for
approval is NOT in place and full
approval will not be granted until
2023-2024.

In addition, the data used for the
approved Pfizer vaccine was only
up to March 13, 2021, prior to the
introduction of the Delta variant in
the US, does not include any of the
adverse effects to the vaccine after
March 13, 2021 and does not
include testing on the delta
variant. In fact, there are NO delta
variant specific studies done to
date and there are no efficacy
studies on the booster. To
summarize, 94% of the cases in the
US/Canada today are the delta
variant and the approved vaccine
does not include any effectiveness
studies on the delta variant. CDC is
'hopeful' that the boosters will
work. Where's the science.

In addition, the vaccines are quickly
losing their effectiveness. As per
latest Israel study in August, natural
immunity is 13 times more
effective than the vaccines; the
vaccines are actually reducing
immunity and currently are only
17% effective in Israel, a country
that has one of the highest
percentages of vaccinated people.

LETTER SENT TO BONNIE HENRY
AUG 26, 2021

Dear Bonnie Henry,
Re: mandatory vaccines:

Your vaccine mandate is criminal in light of the scientific data coming from the medical and scientific industry. You have indirectly killed people prior to the distributed vaccines because you refused to acknowledge and allow the medical professionals to prescribe prophylactics to the sick and now you are indirectly killing people because you have misled the public by withholding the scientific data of the potential dangers of the vaccines. What is happening in the world right now with the push of these vaccines is nothing short of the works of psychopaths.

Canada's roll in the development of the covid vaccine Specifically with UBC is stated in link below .. very important historical information.

THE FDA APPROVED VACCINE IS **NOT YET** AVAILABLE. THE CURRENTLY AVAILABLE VACCINES HAVE ONLY BEEN APPROVED FOR EMERGENCY USE!!!! You, Bonnie Henry are mandating an 'emergency only approved vaccine'.

Dr. Malone reveals the truth about covid injections. CDC is seeing increased disease in people that have been vaccinated 6 months prior. Dr. Malone admitted that he was vaccinated, on advice that it would help with his long covid symptoms, now he has other health issues which he knows are a result of the vaccines.

By now, I think most people know the main problem with the vaccines is that the spike protein is not staying in the arm as it was suppose on based on theory, but is in fact floating through the blood stream causing blood clots, heart issues, paralysis ... a ticking bomb. This is genocide.

[5 Key Takeaways from Dr. Robert Malone \(bitchute.com\)](#)

[Dr. Robert Malone about antibody-dependent enhancement \(bitchute.com\)](#)

[Dr. Robert Malone Reveals Stunning Truth About Covid Injections by Steve Bannon's War Room \(bitchute.com\)](#)

Per Dr. Malone, 'They anticipated there would be more deaths in adolescence from the vaccines then infection by virus. The logic of

vaccinating children, adolescents, young adults, including the mandated vaccination of college kids are NOT ethically supportable and are NOT supported by the data.’ Now we know there IS risk, because the youth are now the laboratory guinea pigs. This is a crime under the Nuremburg Code. The FDA approval of the vaccine is political. If a person cannot see that ...

Fact:

Current Pfizer vaccine is only 39% effective at preventing infection, and less in Israel. Minimum vaccine effectiveness should be at least 50%. Most people under the age of 50 have a 99.999% chance of surviving a covid-19 infection. As per nurse whistleblower from a Vancouver hospital, the hospitals are FULL of VACCINATED PEOPLE with many adverse serious effects. No one knows this because as per the nurses, there’s a gag order on all the medical staff in BC. Nurses are now speaking out.

<https://www.cnn.com/2021/07/23/delta-variant-pfizer-covid-vaccine-39percent-effective-in-israel-prevents-severe-illness.html>

Question:

If the vaccines are not safe for children under the age of 12, how can they be safe for children over the age of 12. The adverse effects reports from Israel show that young men in the teen years to young adults are the ones contracting the cardio diseases. In fact, there is a boy at SFU who was on the football team last year .. which means he was a top athlete

at the university ... who after his 2nd vaccine shot he got myocarditis. What if that was your child ... would you do something then?

<https://www.alberta.ca/assets/documents/health-myocarditis-and-pericarditis-following-covid.pdf>
<https://jamanetwork.com/journals/jamacardiology/fullarticle/2781600>

Question:

What is an acceptable number of deaths in Canada and how many more people have to die before you stop the vaccine shots. 45,000 vaccine related deaths within 7 months is much higher than the total vaccine related deaths for ALL vaccines in the entire world of the last 30 years.

Question:

Why is BC still using the PCR tests to test covid infection when it is a known fact that they are run at a level that makes 90% of healthy people test positive. If this is true, then there's no need for any mandatory vaccine, because the cases are a LIE.
<https://mattbell.org/the-pcr-test-is-the-key-to-exposing-the-medical-fraud>
<https://www.bitchute.com/video/4zCX4CvJWPBj/>

Question:

Why have you not promoted prophylactic treatment such as hydroxychloroquine and Ivermectin which have been proven to work as per doctors who actually treat patients.
If doctors can prescribe anti-biotics

and pain killers to people, even though they cannot promise a person will recover, they are still prescribed. There was no harm in letting people try taking anti-viral prophylactics to try and save lives. To stop these prophylactics is to stop available treatment that could have helped people recover. Are you now going to ban vitamins? We are now back to square one .. vaccinated people will have to ensure they keep their immune system strong and take prophylactics to ensure the ticking bomb inside their bodies (the toxic spike protein) doesn't blow up.
<https://faculty.utrgv.edu/eleftherios.gkioulekas/zelenko/index.html>

Question:

Why have you completely ignored natural immunity? Whoever had the virus actually has better immunity than the vaccinated, based on scientific data as opposed to government opinions.

Question:

How can you lie to pregnant women telling them the vaccine is safe, when THERE WAS NO STUDY DONE ON PREGNANT WOMEN. No one knows what will happen to the babies. THERE ARE NO TESTS OR DATA FOR THIS.

Fact:

UK yellow card reporting showed the following adverse effect information:

Pfizer: 1 in 215 people (out of 32.1M doses) adverse effects

Astra: 1 in 111 people (24.7 M doses) adverse effects

Moderna: 1 in 129 people (1.3M doses) adverse effects

1 in 142 average ... with a 10% reporting rate estimate. Is that an acceptable rate in Canada? Not for my health when my chances of dying from covid at .001% List of side effects from having the spike protein in the human body, that required urgent medical care and included immense human suffering and distress is as follows: Acute Cardiac, Anaphylaxis, Blood disorders, Infections, Headaches, Migraine, Eye disorders, Blindness, Deafness, Psychiatric disorders, Skin disorders, Miscarriage, Vomiting, Facial paralysis, Nervous system disorders, Strokes & hemorrhages, Galane bar, Dizzy, Tremor, Burning nerve pain, Pulmonary embolism, Respiratory, Seizures, Paralysis, Vertigo, Reproductive and breast issues
