Dear Ms. Charlene McKay, Board Chair,

By complying to and implementing the provincial mandates of COVID injections, testing and masking, you are personally liable for any death or injuries as a result of carrying out the mandates. You are complicit in violating the Nuremberg Code, because these are experimental treatments. The staff, faculty and students have the right to informed consent. The Canadian Charter of Rights and Freedoms prohibits coercion into experimental medical treatments.

Contrary to the narrative being promoted by our governments, public health agencies and the mainstream media, we are directly observing unprecedented levels of vaccine-associated injury and death. This is documented in official databases like the *Vaccine Adverse Events Reporting System* ([VAERS](https://openvaers.com/index.php)) (<https://openvaers.com/index.php>), which is jointly developed and supported by the *US Centers for Disease Control* (CDC) and the *Food and Drug Administration* (FDA). As of September 3, 2021, there are over 675,590 reported adverse events, including 14,500 deaths, and over 5,370 cases of Myocarditis/Pericarditis, which involves permanent damage to heart tissue that seems to be especially afflicting young and healthy males. See below summary chart of adverse events reported in this one reporting system.

This is your formal Notice of Liability. You have been served.

This COVID injection, testing, and masking program must be terminated immediately.

Respectfully,

Barb Churcher, New Westminster, B.C.
