Charlene

I have had children in this school district and am grateful they are grown up and very healthy. I am writing today to stand up for those parents with school age children. It is criminal what this government have put on your shoulders. I urge you to strike down any ideas you have on vaccine mandates for covid. Do your own research away from what a tv will tell you. If a child dies as many have around the world from this vaccine , YOU personally may be held responsible. One death that was avoidable will become your fault.

Please think about these losses to parents, something one should never be forced to do.

Sherry Harris

Nanaimo
