**Subject:** mandated vaccines for teachers

**CAUTION:** External Message

I strongly disagree with mandating vaccines in our teaching and school district staff. There have been very little issues within any Vancouver Island school district covid cases. The virus is still spreading amongst vaccinated individuals making it irrelevant if a person is vaccinated or not. Having the vaccine is a very personal medical decision that I feel very strongly should not be pushed on the staff. The mandates are causing severe mental health issues and mandating our teachers will leave us short in turn disrupting our children's education. This must not happen.

Janice Amoto
